SUBJECT : Ad Hoc Interagency Group on Exchanges
(IGE) Meeting

1. On 8 October 1974 the IGE met to review the draft report they plan to submit to USIB in the near future. The IGE will recommend that a full committee be established to monitor the proliferation of US/USSR technical exchanges. Again, the IGE members got bogged down discussing who should police the technology flow to the Soviet Union.

2. The IGE Chairman, [REDACTED] reported he was planning to seek counsel from General Wilson on how to proceed before the next meeting (scheduled for 5 November). As you may recall it was suggested that a similar meeting be postponed until Mr. Colby returned from his recent trip so that the IC Staff and the DCI could present [REDACTED] with a unified position. While there is strong sentiment in the Committee for recommending that the IGE be given full USIB committee status, [REDACTED] has reservations and would like to sound this position out with the IC Staff management. I recommend General Wilson and [REDACTED] meet with [REDACTED] and will suggest that [REDACTED] get on your calendars.
